The online world is posing an ever-increasing risk to children, and it is important that schools, parents and carers work together to take an active role in teaching children about online dangers. Learning how to act safely when using the internet is an incredibly important part of safeguarding our children.

Have you remembered to sign up to National Online Safety, who provides resources for all parents and carers. The resources include Parents & Carers courses (presented by Myleene Klass), online video resources and weekly guides covering a huge range of topics.

Self Harm parenting Workshop

We would like to request donations of wall paper for children in Key Stage 1, if anyone has any spare rolls of wallpaper, please pass them on to your child's teacher, or bring it into the school office. Thank you.

We understand how challenging it can feel for a parent or carer of a child or young person who is self harming. Managing those emotions, understanding why, communicating your concerns and keeping your child or young person safe; can feel overwhelming.

Lancshire Mind are now offering a workshop for parents/carers of children and young people who self injure. To support and upskill them to learn more about self harm to enable them to better support their chlid or young person.

For more information or to book a workshop, please contact training@lancashiremind.org.uk
